EXPERIENCE

The J David Gladstone Institutes — *Research Associate*

October 2013 - June 2017

- Created and maintained complex Excel spreadsheets to organise and analyse mouse colony
- Served as Health and Safety Representative
- Elected president of the Gladstone Research Associate Committee
- Collaborated with researchers on various scientific assays

The Ohio State University — *Research Associate*

September 2009 - October 2013

- Conducted my own research on mouse models of disease
- Presented my work at the Society for Neuroscience conference in 2012

Small Business Owner and Australia Post PDO

February 2018 - Present

Since moving to Australia in 2018, I ran my own florist business for 3 years and am currently a postie at Australia Post.

While running my own florist business, I learned how to manage time efficiently while executing every single aspect of a business. And while working at Australia Post, I've taken every leadership opportunity by becoming the Health and Safety Representative, the official fire warden, and the first aid officer of the facility.

EDUCATION

The Ohio State University, US — *Bachelor's of Science*

2007-2011

Biology major and neuroscience minor
